Teens in Action Volunteer Program

Looking for something fun and exciting to do while getting your required volunteer hours?

Red Deer Child Care is looking for teens who want to share their interest in sports, music, crafts, etc with children in our preschool, day cares and after school programs.

Pick a program close to you and come hang out a couple of times a week. It's that simple!

You will need a current Criminal Records Check with Vulnerable Sector Search

"I really like going every week and hanging out with the kids. We play and have a lot of fun"

Joel

"Kids ask their parents not to pick them up early on the day Joel is coming to the program"

Staff

Benefits of Volunteering with RDCC:

Volunteering teaches you about compassion, empathy, tolerance, gratitude, and community responsibility.

Volunteering provides an opportunity to develop new skills or build on existing experience and knowledge.

Volunteering can make you feel awesome while making a difference in a young child's life.

While volunteering you will learn positive guidance techniques.
